

Exotic Wood Flooring

Brazilian hardwood flooring is highly desired for its longevity and unique beauty. These durable, dense woods offer unique grain patterns and coloring suited to both commercial and high-end residential projects. All of our Brazilian wood is sustainably sourced from certified mills throughout Brazil.

All Brazilian flooring is unfinished $\frac{3}{4}$ " tongue and groove available in 3.25", 4" and 5" face widths in the following species:

Cumaru (Brazilian Teak)

Ipe (Brazilian Walnut)

Jatoba (Brazilian Cherry)

Muircatiara (Tigerwood)
